

PARTNERING WITH THE STUDENT SUCCESS CENTER

The Student Success Center (SSC) can support instructors in a number of ways!

TOURS & STUDENT VISITS

Schedule a class visit to the SSC on the 2nd floor of Monroe Library [HERE](#). Require students to visit the SSC on their own, take a selfie, and post something they learned to the discussion board thread.

ACCESSIBILITY

Consult the Office for Accessible Education (OAE) and the Center for Teaching, Research, and Learning's instructional designer, Dan Guo, on the principles of Universal Design to ensure all students can learn and succeed.

TUTORING (OWLS)

Create an account for tutoring [HERE](#).

Scaffold an assignment that includes a visit with a tutor.

Give students a later due date if they visit with a tutor.

For tailored options, consult with Nancy Rowe (nprowe@loyno.edu).

CAREER DEVELOPMENT

Coordinate a class visit with a Career Coach who can help students connect coursework with their future plans through internship searches, resume writing, and interviews.

Incentivize or require your students to meet with their career coach or to attend a career fair. We will provide you with attendance records!

For tailored options, consult with Katie Bandy Krikorian (kbandy@loyno.edu).

ADVISING & COACHING

Invite Advisor-Coaches to visit your classes to prepare students for registration, tackling study strategies, or other topics. Refer student to success coaching.

For tailored options, consult with Thom Addington (taddingt@loyno.edu).
